# Reconnective Healing<sup>®</sup>

## The Reconnection<sup>®</sup>

The Reconnective frequencies have been harnessed from the universal grids and have been researched to be on this planet for the first time. Through the healing work and worldwide teachings of the famed Dr. Eric Pearl, everyone can now have access to these most powerful frequencies that include the full healing spectrum of all available energies.

### Reconnective Healing

You will discover how immediately these new frequencies of healing will flow through you. These highly palpable energies are the all-inclusive spectrum of energy, light and information. People will respond to them physically and visibly, and be led into healing realms beyond those previously accessible by anyone, anywhere. This is different from Reiki, Johrei, Qi Gong or any healing technique you've ever encountered. Subtle energy becomes obvious, easily accessible – anything *but* subtle. This is beyond technique!

### The Reconnection

Originally, the meridian lines (sometimes called acupuncture lines) on our bodies were connected to the grid lines that encircle the planet and intersect at acknowledged power places such as Machu Picchu and Sedona. These lines continued out and connected us to a vastly larger grid, tying us to the entire universe.

Each of our bodies contains its own set of energetic lines and points. Although only remnants of what they once were, these lines and points continue to serve as our interface with the universe: a channel that facilitates our communication of energy, light and information between large and small, macrocosm and microcosm, the universe and humankind. At a point in time, we became disconnected from these lines and lost the fullness of our inherent connection to the universe, distancing us from our previously rapid and expansive rate of evolution. The Reconnection brings in “new” axiatonal lines that reconnect us on a more powerful and evolved level than ever before. These lines are part of a timeless network of intelligence; a parallel-dimensional system that draws the basic energy for the renewal functions of the human body. The Reconnection brings in and activates these new lines, allowing for the exchange – beyond energy – of light and information, the reconnection of DNA strands and the reintegration of “strings” (simultaneous – or parallel – planes of existence).
